Planning and Development Trends

Who are we planning for and why?

- Changing Demographics
- Accessibility / Mobility
- Increased demand for pedestrian-friendly communities
- Quality of Place
- Sense of Place
- Preserve and improve the existing fabric of the community
- ***How do we do this??***

Overview

- Each slide contains a set of images centered around one central theme, e.g. commercial architecture
- We will go through each image, one at a time
- On your sheet, check the box that best corresponds with your preference for the image.
- Don't over analyze! Go with your first reaction to the image.
- Remember, we are not designing the community tonight!
